## **Independent Auditor's Report**

Board of Directors Mi Casa Resource Center

#### Report on the Audit of the Financial Statements

## **Opinion**

We have audited the accompanying financial statements of Mi Casa Resource Center (the MCRC), which comprise the statement of financial position as of December 31, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of MCRC as of December 31, 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MCRC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MCRC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## Board of Directors Mi Casa Resource Center

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MCRC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MCRC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Report on Summarized Comparative Information**

We have previously audited MCRC's 2021 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated May 23, 2022. In our opinion, the summarized information presented herein as of and for the year ended December 31, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

## Board of Directors Mi Casa Resource Center

Other Reporting Required by Government Auditing Standards

Kundinger, Corder & Montaga, P.C.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2023 on our consideration of MCRC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of MCRC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering MCRC's internal control over financial reporting and compliance.

#### **Notes to Financial Statements**

## **December 31, 2022**

## (1) Summary of Significant Accounting Policies

#### (a) Organization

Mi Casa Resource Center (MCRC) identifies and responds to the needs of low-income individuals and families to create pathways to opportunity. Since 1976, our comprehensive and community-focused programming has helped our participants achieve their version of educational and economic success. As Denver's largest and longstanding Latinx-led and serving organization, we have earned community trust by providing culturally competent services grounded in community need. MCRC is Colorado's only Women's Business Center under the Small Business Administration and one of only a few organizations in the state that offers full-scale support in both English and Spanish. In 2017, we were named the National Women's Business Center. In 2020, we were named the UnidosUS Far West Affiliate of the Year. Our expertise in career and business development uniquely positions MCRC as a leader in addressing equity gaps in economic mobility.

Our Business and Career Pathways programs pair skills education with basic needs navigation, financial coaching, and access to capital. Career Pathways trains, supports, and connects low-income jobseekers to high-demand careers that meet their personal and professional needs. Business Pathways combines trainings, consulting, and wrap-around services for underserved business owners and entrepreneurs at every stage. With MCRC's support, participants gain the education and skills needed to generate income, move up career ladders, and build wealth through business ownership.

MCRC is supported primarily by foundation grants and government contracts, as well as by individual and corporate donations. MCRC provides services within the program framework outlined below:

## **Career Pathways**

Career Pathways trains, supports, and connects low-income youth and jobseekers to high-demand careers that meet their personal and professional needs. With MCRC's support, participants gain the education and skills needed to generate income, move up career ladders, and build wealth through business ownership.

Career Pathways framework includes knowledge and skill building, industry-specific support, educational pathways, confidence and sustainable success, systemic equity, and digital access and technology.

Career Pathways offers a holistic approach that addresses the personal and professional needs of low-income youth and adults. With multiple entry points that include navigation, coaching, training, and postsecondary connection, MCRC creates pathways to career placement and advancement. MCRC's navigation services use a strength-based approach that identifies attitudes, capacity, levels of self-determination, and community and family resources. MCRC's strength-based Employment Success Coaching offers one-on-one support throughout the job search and employment process.

## Notes to Financial Statements, Continued

## (1) Summary of Significant Accounting Policies, Continued

## (a) Organization, Continued

Career Pathways offers three trainings. Career Readiness builds foundational career exploration and soft skills. Financial Services Training prepares youth and adult jobseekers for immediate, high-demand employment in the Financial Services sector. Professional Services Training prepares participants in skills for immediate entry-level employment in legal, human services, medical and healthcare administration, and management support positions.

In partnership with the Community College of Aurora (CCA), Metropolitan State University of Denver (MSU Denver), and local banks and credit unions, MCRC built a first-of-its-kind stackable credential pathway for the financial services industry to on-ramp learners to meaningful employment and postsecondary credentials simultaneously. Both adult learners and high school students can earn postsecondary credentials through Prior Learning Assessments and jumpstart their path to higher education, while also receiving personalized coaching from a Student Services Coordinator who supports them along their path. In 2022, Mi Casa was awarded the Good Jobs Challenge and began building out two additional stackable credential models: Human Resources with Metropolitan State University – Denver and Medical Administration with Arapahoe Community College. Planning activities were conducted in 2022 for this model.

In partnership with two high schools, MCRC provides Career Skills and Financial Services Training through a contextualized digital literacy learning environment for high school seniors. PWR is rooted in the Positive Youth Development (PYD) framework to support young people in ways that are developmentally appropriate and meaningfully address their needs.

Other community resources such as financial coaching, digital lending and skill building, English as a Second Language classes, free legal advice, and tax preparation services augment the important work of the Career Pathways program. MCRC partners with a range of government agencies, community and local community and nonprofit partners to provide these additional services.

#### **Business Pathways**

Business Pathways, which operates the Women's Business Center under the U.S. Small Business Administration, provides comprehensive support services for underserved business owners and entrepreneurs with particular focus on women, minorities, and low-income clients. Services include knowledge and skill building through workshops, intensive training, one-on-one consulting, industry-focused connections, access to capital, legal support, financial coaching and wraparound supports. This programming supports participants through all stages of business development from start-up to growth and expansion.

Business ownership is an essential strategy for economic independence, both for business owners and their employees.

## Notes to Financial Statements, Continued

## (1) Summary of Significant Accounting Policies, Continued

## (a) Organization, Continued

In low-income communities, business ownership generates wealth through generations, creating a ripple effect of increased prosperity in families and communities. MCRC offers all Business Pathways programming in English and Spanish to serve the most vulnerable members of our community.

Business Pathways offers a modular training series to support entrepreneurs at every phase of business ownership, from ideation to growth and expansion. With four modules (Plan, Launch, Manage, and Grow), training covers creation of an elevator pitch and business plan, marketing, key business strategies, fiscal and financial responsibility, and more. Business owners can join the module most suited to their needs. Program success is measured through program completion rates, businesses launched, revenue generated, and jobs created or retained.

Business Pathways collaborates with local community partners to prevent involuntary displacement by supporting business owners. Additionally, we administer a ProBoPat Program, which refers qualified low-income inventors to volunteer patent professionals. ProboPat serves residents of Colorado, Montana, New Mexico, Utah, and Wyoming and is part of a nationwide network of patent pro bono services coordinated by the U.S. Patent & Trademark Office.

Other community resources such as financial coaching, digital lending and skill building, English as a Second Language (ESL) classes, free legal advice, and tax preparation services augment the important work of the Business Pathways program. MCRC partners with a range of government agencies, Community Development Financial Institutions (CDFIs), and local community and nonprofit partners to provide these additional services. MCRC provides wraparound navigation services to guide participants to these resources in order to increase their success. Navigators use a strengths-based support to combine goal setting with action plans to meet potential barriers such as transportation, childcare, housing, and food access.

#### (b) Basis of Accounting

The accompanying financial statements of MCRC have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

#### **Notes to Financial Statements, Continued**

## (1) Summary of Significant Accounting Policies, Continued

## (c) Financial Statement Presentation

MCRC is required to present information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of MCRC. These net assets may be used at the discretion of MCRC's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of MCRC or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

## (d) Measure of Operations

The statement of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributed to MCRC's ongoing activities and program services. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature.

## (e) Cash and Cash Equivalents

For purposes of the statement of cash flows, MCRC considers all highly liquid investments with an initial maturity of three months or less, and which are not held as part of an investment portfolio, to be cash equivalents.

#### (f) Concentrations of Credit Risk

Financial instruments which potentially subject MCRC to concentrations of credit risk consist principally of cash and cash equivalents, investments and receivables. MCRC places its cash and investments with credit worthy, high quality, financial institutions. At times, a significant portion of the cash and cash equivalents may exceed the amount insured by the FDIC. Credit risk with respect to contributions and other receivables is considered low because a substantial portion of the receivables are from well-known and respected members of the community, and from organizations and individuals with a demonstrated history of payment.

## Notes to Financial Statements, Continued

## (1) Summary of Significant Accounting Policies, Continued

## (g) Investments

MCRC reports investments at fair value. Fair value is determined as more fully described in note 1(h). MCRC's management is responsible for the fair value measurement of investments reported in the financial statements and believes that the reported values are reasonable. Unrealized gains and losses are included in the change in net assets in the statement of activities.

## (h) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Fair value should be based on the assumptions market participants would use when pricing an asset. U.S. GAAP establishes a fair value hierarchy that prioritizes investments based on those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). MCRC groups assets at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date.
- Level 2 Inputs other than quoted market prices that are observable for the asset/liability, either directly or indirectly.
- Level 3 Unobservable inputs that cannot be corroborated by observable market data.

Market price is affected by a number of factors, including the type of instrument and the characteristics specific to the instrument, as well as the effects of market, interest and credit risk. Instruments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgement used in measuring fair value. It is reasonably possible that change in values of these instruments will occur in the near term and that such changes could materially affect amounts reported in MCRC's financial statements.

#### (i) Accounts Receivable

Accounts receivable represent amounts due from transactions occurring during the normal course of business. The allowance for doubtful accounts is based on past experience and analysis of the collectibility of current accounts receivable. Uncollectible accounts are charged to the allowance in the year they are deemed uncollectible. Based on management's analysis, no allowance was recorded at December 31, 2022. Accounts receivable are considered to be past due based on contractual terms.

## Notes to Financial Statements, Continued

## (1) Summary of Significant Accounting Policies, Continued

## (j) Loans Receivable and Allowance for Loan Loss

Management provides an allowance for loan losses based upon estimated collectability as determined based upon past loss experience and other relevant factors that in management's judgment deserve consideration.

## (k) Property and Equipment

Purchases of furniture, equipment, vehicles, building and building improvements in excess of \$5,000 are recorded at cost and depreciated using the straight-line method over the estimated useful lives of the assets, which are generally 5-30 years

#### (I) Revenue Recognition

## Contract Revenue and Other Income

Contract revenue is billed after the services have been performed. Revenue is recognized when the services are billed. Since contract revenue is invoiced after the services have been performed, there is typically no deferred revenue.

MCRC receives other income from class fees and tuition, rental income and loan interest. Class fees and tuition are recognized during the year in which the related services are provided to the students. Building rentals are recognized when the performance obligation of providing space is satisfied. Loan interest is recognized monthly based on the terms of the loan agreement.

#### Contributions and Grants

Contributions are recognized when cash, securities, and unconditional promises to give are received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend are substantially met. Should MCRC substantially meet the conditions in the same period that the contribution was received, and barring any further donor-imposed restrictions, MCRC has elected to recognize the revenue in net assets without donor restrictions. Payments received in advance of conditions being met are recorded as deferred revenue in the statement of financial position.

Contributions receivable are recorded at net realizable value if expected to be collected in one year and at fair value if expected to be collected in more than one year. At December 31, 2022, contributions receivable expected to be collected in more than one year have not been discounted to net present value because the amount is insignificant.

A portion of MCRC's revenue is derived from cost reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when MCRC has incurred expenditures in compliance with specific contract and grant provisions.

## Notes to Financial Statements, Continued

## (1) Summary of Significant Accounting Policies, Continued

## (I) Revenue Recognition, Continued

## Contributions and Grants, Continued

As of December 31, 2022, MCRC has received \$2,399,299 in cost-reimbursement grants and contributions that are conditional upon certain barriers being met, and a right of return exists in the agreement. These contributions are conditional based on the barrier of number of participants served. These amounts will be recognized as revenue in the period in which the conditions are fulfilled.

#### **In-kind Contributions**

Contributed services and supplies are recorded as contributions and corresponding expenses at their estimated fair values on the date of donation. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by MCRC.

## (m) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## (n) Functional Allocation of Expenses

The costs of providing program and supporting services have been summarized on a functional basis in the accompanying statement of functional expenses. MCRC incurs expenses that directly relate to, and can be assigned to, a specific program or supporting activity. MCRC also conducts a number of activities which benefit both its program objectives as well as supporting services (i.e. fund raising and management and general activities). These costs, which are not specifically attributable to a specific program or supporting activity, are allocated by management on a consistent basis among program and supporting services benefited, based on either financial or nonfinancial data, such as headcount, square-footage, or estimates of time and effort incurred by personnel.

#### (o) Income Tax Status

MCRC is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and qualifies for the charitable contribution deduction. However, income from activities not directly related to MCRC's tax-exempt purpose is subject to taxation as unrelated business income. There was no unrelated business income for the year ended December 31, 2022.

## Notes to Financial Statements, Continued

## (1) Summary of Significant Accounting Policies, Continued

## (o) Income Tax Status, Continued

Management is required to evaluate tax positions taken by MCRC and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and determined there are none. MCRC is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. Management believes that MCRC is no longer subject to income tax examinations for years prior to December 31, 2019.

## (p) Subsequent Events

MCRC has evaluated subsequent events through May 22, 2023, the date the financial statements were available to be issued.

## (q) Prior Year Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with MCRC's financial statements for the year ended December 31, 2021, from which the summarized information was derived.

## (r) Adoption of New Accounting Principle

During 2022, MCRC adopted Accounting Standards Update (ASU) No. 2020-07, Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. This standard is aimed at increasing the transparency of contributed nonfinancial assets for not-for-profit entities through enhancements to presentation and disclosure. The provisions of ASU No. 2020-07 have been implemented in the accompanying financial statements on a retrospective basis. The amendments under this accounting standard update do not change the recognition and measurement requirements for contributed nonfinancial assets. Accordingly, there is no effect on net assets in connection with the implementation of ASU No. 2020-07.

## Notes to Financial Statements, Continued

## (2) Liquidity and Availability of Financial Assets

The following table reflects MCRC's financial assets as of December 31, 2022, reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid, not convertible to cash within one year, or when restricted by donors for purposes more limited than general expenditures, or expenditures not to be incurred within one year.

Cash and cash equivalents	\$ 1,327,931
Investments	3,187,727
Contributions and grants receivable	620,072
Total financial assets available to meet cash	
expenditures over the next twelve months	5,135,730
Less amounts not available to be used within one year:	
Net assets with donor restrictions	(1,161,851)
Board designated endowment fund	(2,372,276)
Plus net assets with time or purpose restrictions	
expected to be met in one year	<u>1,161,851</u>
	(2,372,276)
Financial assets available for general	
expenditures over the next twelve months	\$ <u>2,763,454</u>

To manage liquidity, MCRC structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, MCRC's board may appropriate funds from the board designated endowment fund to be available within twelve months of year-end. The appropriation is based on a percentage of the three-year rolling average of the board designated endowment fund balance at December 31<sup>st</sup>, and is available to fund expenditures for general operations. At December 31, 2022, the maximum amount that may be made available within twelve months of year-end is \$98,556. MCRC also has a \$300,000 line of credit. See note 12.

## (3) Investments

Investments are stated at fair value and consisted of the following at December 31, 2022:

Mutual funds invested in domestic equities	\$ 1,377,864
Mutual funds invested in fixed income	924,374
Mutual funds invested in international equities	639,724
Mutual funds multi-strategies	187,014
Cash and cash equivalents	58,751
	\$ <u>3,187,727</u>

As of December 31, 2022, all investments were considered Level 1 investments.

## Notes to Financial Statements, Continued

## (3) Investments, Continued

Net investment return consisted of the following for the year ended December 31, 2022:

Interest and dividends Less investment fees	\$ 100,530 (26,821)
Net investment income	73,709
Realized losses Unrealized losses	(56,553) (565,815)
Total realized and unrealized losses	(622,368)
Total investment return, net	\$ <u>(548,659)</u>

## (4) Contributions and Grants Receivable

Contributions and grants receivable consist of \$620,072 restricted for specific programs or future periods at December 31, 2022. All amounts are due in less than one year.

## (5) Loans Receivable and Loan Pool Cash Held by CEDS

Micro-business loans were serviced through Community Enterprise Development Services (CEDS). Processes including collections, payment reminders, past due client communications, recording and tracking loan transactions and processing paid in full loans were performed by CEDS. At December 31, 2022 there were no micro-business loans outstanding as the program was discontinued in 2022 and cash pool funds held by CEDS were refunded to MCRC.

#### (6) Other Assets

MCRC has entered into a participation agreement with Unemployment Services Trust (the Trust). The Trust provides services and an alternative means for funding unemployment costs. Trust administrative expenses are funded by participating employers. Participation may be revoked upon 90 days' notice, at which time MCRC would begin paying its unemployment responsibility directly to the State. Contributions to the Trust are adjusted annually. At December 31, 2022, MCRC had contributed \$55,671 in excess of claims filed with the Trust.

## (7) Property and Equipment

Property and equipment consist of the following at December 31, 2022:

Buildings and improvements	\$ 2,723,862
Furniture and equipment	187,269
Vehicles	<u> 78,450</u>
	2,989,581
Less: accumulated depreciation	<u>(621,407</u> )
Property and equipment, net	\$ <u>2,368,174</u>

## Notes to Financial Statements, Continued

## (8) Notes Payable

On August 26, 2021, MCRC was approved for a \$250,000 loan from the Metro Denver Nonprofit Loan Fund. The loan bears no interest and matures 36 months from the closing date. No payments are required during the initial 12 months of the loan term. Thereafter, equal quarterly payments of principal are due in an amount sufficient to fully amortize the loan. All outstanding principal is due at maturity. At December 31, 2022, the balance on the note is \$222,222. Imputed interest has not been recorded as the amount would be immaterial.

Principal payments due on the loan during the years ending December 31 are as follows:

2023	\$ 125,000
2024	97,222
	\$ 222,222

#### (9) Net Assets

## **Board Designated Endowment Fund**

The board designated endowment is a fund established to support the long-term sustainability of MCRC programs and operations. On December 31st of each year, the annual spending rate, not to exceed 4%, is applied to the 3-year rolling average of the endowment fund balance to calculate the total maximum appropriation. Distributions are made quarterly. The Finance Committee of the Board of Directors may, at its discretion, choose not to make an annual distribution, but may not choose to distribute more than 4% without a 75% vote of the Board.

#### Net Assets with Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes at December 31, 2022:

Subject to specific purposes:

Career Pathways	\$	197,611
Business Pathways		748,740
Total subject to purpose restrictions		946,351
Subject to time restrictions:		
Contributions and grants receivable for future operations	3	215,500
Total net assets with donor restrictions	\$	1,161,851

For the year ended December 31, 2022, net assets released from restrictions as a result of MCRC incurring expenditures satisfying the related restricted purposes were as follows:

Career Pathways	\$	271,553
Business Pathways		430,114
Supporting programs and time	-	698,470
Total net assets released from restrictions	\$	1,400,137

## Notes to Financial Statements, Continued

## (10) In-kind Contributions

During the year ended December 31, 2022, MCRC received in-kind services and supplies totaling \$30,061. In-kind contributions for the year ended December 31, 2022 consisted of the following:

Donated legal services	\$ 29,644
Supplies	417
Total in-kind contribution	\$ 30,061

MCRC recognizes in-kind contribution revenue and a corresponding expense in an amount approximating the estimated fair value at the time of donation. Donated services and supplies are valued at the retail price that would be paid for purchasing similar products and services. All donated services and supplies were utilized by MCRC's programs and supporting services. There were no donor-imposed restrictions associated with the donated services or supplies.

## (11) Pension Plan

MCRC has established a 403(b) retirement plan. Employee contributions are matched up to 4% of gross wages. MCRC's contributions to the plan were \$39,309 for 2022.

## (12) Line of Credit Agreement

MCRC has a \$300,000 collateralized revolving line of credit. The line of credit bears interest at a variable interest of Wall Street Journal Prime Rate + 2.75%. Interest as it accrues is due and payable monthly. The line of credit matures on demand, at which time all unpaid principal and accrued interest is due and payable in full. MCRC did not borrow against or pay interest on this note during the year ended December 31, 2022.

#### (13) Financial Services Pathways Partnership

MCRC entered into a memorandum of understanding (MOU) establishing a joint partnership between MCRC, Community College of Aurora and Metropolitan State University of Denver to connect adult learners to employment and up to four industry-recognized credentials simultaneously. MCRC's responsibilities under the MOU include acting as the fiscal sponsor, supporting the fundraising efforts to fully cover the operationalization of the program, providing financial services classes, and distributing funds to the partnership. MCRC's goal is to raise over \$1,000,000 for the program, but payment obligations to the partnership are based only on total funding raised. The MOU expired January 31, 2022. See note 1(a).

#### (14) Paycheck Protection Program

In February 2021, MCRC received a second Paycheck Protection Program loan in the amount of \$488,587. MCRC received full forgiveness in April 2022. Forgiveness of the loan is included in government revenue in the accompanying statement of activities for the year ended December 31, 2022.

## Mi Casa Resource Center Schedule of Expenditures of Federal Awards Year Ended December 31, 2022

#### **Note 1: Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Mi Casa Resource Center under programs of the federal government for the year ended December 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Mi Casa Resource Center, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Mi Casa Resource center.

## **Note 2: Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### **Note 3: Indirect Cost rate**

Mi Casa Resource Center has a negotiated indirect cost rate, and therefore did not use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

# Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

## Board of Directors Mi Casa Resource Center

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Mi Casa Resource Center (MCRC), which comprise the statement of financial position as of December 31, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 22, 2023.

## **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered MCRC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MCRC's internal control. Accordingly, we do not express an opinion on the effectiveness of MCRC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether MCRC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that are required to be reported under *Government Auditing Standards*.

## Mi Casa Resource Center Board of Directors

**Purpose of this Report** 

Kundinger, Corder & Montaga, P.C.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

May 22, 2023

# Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors Mi Casa Resource Center

#### Report on Compliance for Each Major Federal Program

**Opinion on Each Major Federal Program** 

We have audited Mi Casa Resource Center's (MCRC) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of MCRC's major federal programs for the year ended December 31, 2022. MCRC's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, MCRC complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of MCRC and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of MCRC's compliance with the compliance requirements referred to above.

## Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable MCRC's federal programs.

#### Mi Casa Resource Center Board of Directors

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on MCRC's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about MCRC's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding MCRC's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of MCRC's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of MCRC's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2022-001. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on MCRC's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. MCRC's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

#### Mi Casa Resource Center Board of Directors

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on MCRC's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. MCRC's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Kundinger, Corder & Montaga, P.C.

## Mi Casa Resource Center Schedule of Findings and Questioned Costs Year Ended December 31, 2022

## A. Summary of Auditor's Results

- 1. The auditor's report expresses an unmodified opinion on whether the financial statements of Mi Casa Resource Center were prepared in accordance with GAAP.
- 2. No significant deficiencies relating to the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.
- 3. No instances of noncompliance material to the financial statements of Mi Casa Resource Center, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- 4. One significant deficiency in internal control over major federal award programs was reported in the *Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance*. No material weaknesses were reported.
- 5. The auditor's report on compliance for the major federal award program expresses an unmodified opinion on all major federal programs.
- 6. Audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) are reported in this Schedule.
- 7. The programs tested as major programs were Community Development Block Grants//Entitlement Grants (Assistance Listing No. 14.218) and Coronavirus State and Local Fiscal Recovery Funds (Assistance Listing No. 21.027).
- 8. The threshold for distinguishing between Type A and B programs was \$750,000.
- 9. Mi Casa Resource Center was determined not to be a low-risk auditee.

## **B.** Findings-Financial Statements Audit

None.

## C. Findings and Questioned Costs-Major Federal Award Programs Audit

Federal Agency:

U.S. Department of Treasury

Federal Program and Assistance Listing Number: Coronavirus State and Local Fiscal Recovery Funds, 21.027

Identification Number: OEDEV-20226460-01 Grant Period: September 1, 2021 – June 30, 2023

<u>2022-001 Procurement and Suspension and Debarment – Compliance and Significant Deficiency in Internal Control over Compliance</u>

Criteria and Condition: Mi Casa Resource Center must document their procurement process in writing, comply with applicable state and local laws and regulations, and conform to applicable federal statutes and procurement requirements identified in 2 CFR part 200. In addition, Mi Casa Resource Center is prohibited from contracting with parties that are suspended or debarred. Under the guidelines, before contracting with a non-federal entity, the grantee must verify that the non-federal entity is not suspended, debarred, or otherwise excluded from participating in the transaction.

## Mi Casa Resource Center Schedule of Findings and Questioned Costs, Continued Year Ended December 31, 2022

## C. Findings and Questioned Costs-Major Federal Award Programs Audit, Continued

<u>2022-001 Procurement and Suspension and Debarment – Compliance and Significant Deficiency in Internal Control over Compliance, Continued</u>

Cause: Policies and procedures were not documented in accordance with Uniform Guidance. Although there was a method used by management to procure new services under U.S. Department of Treasury funding, it did not follow all required elements in accordance with Uniform Guidance. In addition, Mi Casa Resource Center did not ensure suspension and debarment requirements were met.

Effect: Without following a written procurement policy that includes all required elements under Uniform Guidance, procurements under federal awards may not have been made in compliance with applicable Federal regulations, and covered transaction payments could have been made to parties that were federally suspended, debarred, or otherwise disqualified.

*Context:* Program expenditures made to certain vendors exceeded either the micro-purchase or covered transaction threshold, triggering the testing of this compliance area during the audit.

Questioned Costs: This finding did not result in any questioned costs.

Identification of Repeat Findings: This is not a repeat finding.

Recommendation: We recommend Mi Casa Resource Center establish a written procurement policy to include all required elements by Uniform Guidance. Procedures should be included that outline processes and control activities, specifically defining oversight of contractors' performance, which personnel are responsible for each step in the process, and who is performing the review over the process. The policies and procedures should consider including conflicts of interest and who is responsible for ensuring vendors under covered transactions are not suspended, debarred, or otherwise disqualified.

Views of Responsible Officials and Planned Corrective Actions: Mi Casa Resource Center has updated their procurement policy to ensure that all elements required are clearly documented in accordance with Uniform Guidance. As of the date of this report, the draft policy is being reviewed by management. Full implementation will occur immediately upon approval by management.

## Mi Casa Resource Center Summary Schedule of Prior Audit Findings Year Ended December 31, 2022
